

**GOVERNMENT OF ANDHRA PRADESH
A.P. MICRO IRRIGATION PROJECT, ANANTAPUR.**

Good Micro Irrigation Plots to visit in the district

Sl. No.	Name of Farmer and address	Micro Irrigation System	Species	Remarks
1	Sri. Shankar Reddy Parasannayapalli (V) Raphadu (M)	Drip	Guava & Muskmelon	High density Guava Plantations taken up probably for the 1 time in State with Drip. He is achieving good harvest.
2	Sri. Krishna Reddy Raminepalli (V) Raphadu (M)	Drip	Grape	With Drip he gets great yields of grapes.
3	Sri. Lakshmi Narayana Reddy, Thimmampeta (V), Garladinne (M)	Drip	Papaya	With Drip, good crop of Papaya was raised. This garden is acting as a stimuli to other farmers in surrounding Mandals to take up Papaya again.
4	Sri. Raghavendra Rao, Kondampalli (V) Penukonda (M)	Drip	Pomegranate	A very experienced and knowledgeable farmer on Pomogranate in the district. Probably it is the oldest pomegranate garden in the district. He takes good yields every year.
5	Sri. Narayana Swamy Golladoddi (V) Gooty (M)	Micro Sprinkler	Groundnut	Inplace of big sprinklers, micro were used for groundnut crop and resulted in good yields of 30 bags per acre.

Project Director,
APMIP, Anantapur.
