**District Child protection unit, Anantapur
Integrated child protection scheme
(Initiated from 17.01.2011)**

The Ministry of Women and Child welfare department has combined its existing child protection programmes under one centrally sponsored comprehensive child protection scheme titled "Integrated Child Protection Scheme (ICPS)". It brings together multiple vertical schemes under one programme and integrate interventions for protection children, preventing them from harm and promoting child rights.

Fundamental principles of ICPS

"Protection of child rights" and "Best interest of the child".

The focus of ICPS activities:

- a) Child in need of care and protection (as defined in the JJ Act)
- b) Child in conflict with law in one who is alleged to have committed an offence.
- c) Child in contact with law is one who has come in contact with the law either as victim or as a witness or due to any other circumstance.

Core Objective: The core objective of ICPS is to contribute to the improvements and the well being of children in difficult circumstances, as well as to reduce vulnerabilities to situations and actions that lead to abuse, neglect, exploitation, abandonment and separation of children.

The DCPU is the structural unit to implement ICPS and Project child rights.
